The Administration for Families and Children (ACF), Administration on Children, Youth and Families' (ACYF), Family and Youth Services Bureau (FYSB) will be accepting applications for the Competitive Abstinence Education (CAE) program.

The purpose of the CAE program is to provide funding for additional tools to address the rates of teen pregnancy among adolescent youth who are at greatest risk of sexually transmitted infections (STI) and most likely to bear children out of wedlock. Grantees under this program will be expected to develop a targeted and medically accurate approach to reducing teen pregnancies through abstinence education. Program plans will focus on the social, psychological, and health gains to be realized by teaching youth decision-making skills to delay initiation of sexual activity and engage in healthy relationships.

I. Program Description

Statutory Authority

The Competitive Abstinence Education (CAE) program is funded generally under the authority of section 1110 of the Social Security Act, 42 U.S.C. § 1310, and specifically by the appropriation for General Departmental Management for the Office of the Secretary under Division G, Title II of The Consolidated and Further Continuing Appropriation Act, 2015, Pub. L. 113-235.

Description

BACKGROUND

Promoting Healthy Transitions to Adulthood Through Positive Youth Development

FYSB is committed to promoting the behavioral health and social and emotional well-being of vulnerable young people through a strengths-based, positive youth development (PYD) approach. Historically, many

programs concentrated on a specific problem behavior, like teen sexual activity, and involved narrowly focused interventions and educational activities for that problem. The increasing body of research on risk and protective factors, however, has highlighted the important roles that multiple aspects of young people's attitudes, behaviors, relationships, and environments have in predicting problem behaviors like early sexual activity.[1]

Moreover, at least two rigorous reviews of the evidence on teen pregnancy prevention programs indicate that particularly effective interventions are those that use multi-component, youth development approaches serving high-risk populations.[2][3] This body of research indicates that programs need to address broader aspects of youths' social-emotional well-being in order to positively impact risky sexual behavior.

A PYD programming approach that works with vulnerable youth should take into account the trauma and mental health needs of many young people who have experienced maltreatment, abuse, or exposure to violence. Childhood abuse, neglect, and exposure to other traumatic stressors, known as adverse childhood experiences (ACE), are common. The short and long-term outcomes of these childhood exposures include a multitude of health and social problems, including early initiation of sexual activity and teen pregnancy.[4] These ACEs, in turn, have important implications for teen pregnancy.

CAE History

Many young people engage in sexual risk behaviors that can result in unintended health outcomes. Sexual risk behaviors place adolescents at risk for Human Immunodeficiency Virus (HIV) infection, other STI, and unintended pregnancy.

The U.S. birth rate for females ages 15 to 19 was 26.5 births per 1,000 in 2013, based on birth certificate data collected from the National Center for Health Statistics' (NCHS) National Vital Statistics System. (Department of Health and Human Services (HHS), Centers for Disease Control and Prevention, NCHS, Vital and Health Statistics, 2015). Although the U.S. rates continue to decline, the rates are still higher than that of many other developed countries, including Canada and the United Kingdom.

Adolescents who are at greatest risk of STI and unintended pregnancies are a complex and dynamic group. A targeted and holistic approach is essential to reducing teen pregnancies. Abstinence programming is one intervention in a continuum of services that seeks to prevent teen pregnancy. In Fiscal Year 2012, funding was appropriated for CAE in the amount of \$5,000,000 which funded 9 new projects. In Fiscal Years 2013 and 2014, another \$5,000,000 was appropriated with the funding of 10 and 11 additional projects respectively. These projects focus on the social, psychological, and health gains to be realized by delaying initiation of sexual activity and engaging in healthy relationships.

CAE PROGRAM OVERVIEW

Goal and Scope

The purpose of the CAE program is to provide agencies with funding to provide abstinence education to address the rates of teen pregnancy among adolescent who are most likely to bear children out of wedlock.

Abstinence education as defined by Section 510(b)(2)(A)-(H) of the Social Security Act, 42 U.S.C. § 710(b)(2), means an educational or motivational program that:

- (A) Has as its exclusive purpose teaching the social, psychological, and health gains to be realized by abstaining from sexual activity;
- (B) Teaches abstinence from sexual activity outside marriage as the expected standard for all school age children;
- (C) Teaches that abstinence from sexual activity is the only certain way to avoid out-of-wedlock pregnancy, sexually transmitted diseases, and other associated health problems;
- (D) Teaches that a mutually faithful monogamous relationship in the context of marriage is the expected standard of human sexual activity;

- (E) Teaches that sexual activity outside of the context of marriage is likely to have harmful psychological and physical effects;
- (F) Teaches that bearing children out-of-wedlock is likely to have harmful consequences for the child, the child's parents, and society;
- (G) Teaches young people how to reject sexual advances and how alcohol and drug use increases vulnerability to sexual advances; and
- (H) Teaches the importance of attaining self-sufficiency before engaging in sexual activity.

CAE Program Design

CAE programs must promote abstinence education as defined by Section 510(b)(2)(A)-(H) of the Social Security Act, 42 U.S.C. § 710(b)(2) for adolescents with a focus on youth that are most likely to bear children out of wedlock.

CAE programs are required to include PYD strategies to help youth build protective factors that mitigate the impact of past and future negative experiences. The program model must also include service linkages to local community partners that support the safety and well-being of the youth. For more information on PYD, please see: <http://aspe.hhs.gov/hsp/positiveyouthdev99/preface.htm>.

CAE programs must provide and present information that is medically accurate. CAE programs can take different approaches to covering issues of values; however, youth participating in the program should be able to distinguish between factual information that is being presented and discussions of values and opinions on which individuals may disagree.

Medical accuracy means that medical information must be verified or supported by the weight of research conducted in compliance with accepted scientific methods and published in peer-reviewed journals where applicable, or be comprised of information that leading professional organizations and agencies with relevant expertise in the field recognize as accurate, objective, and complete. See *Section IV.2 Assurances*

Mass produced educational materials used by the HHS grantees that are specifically designed to address STI, including human papilloma virus, are required by Section 317P(c)(2) of the Public Health Service Act, 42 U.S.C. § 247b-17(c)(2), to contain medically accurate information regarding the effectiveness or lack of effectiveness of condoms in preventing the sexually transmitted infections the materials are designed to address. This requirement applies to materials mass-produced for the public and health care providers, including the curriculum.

To ensure effective programming, the CAE program must, at a minimum, implement program activities that comply with the following requirements:

- Recruit and retain youth participants based upon the identified targeted population.
- When conducting enrollment and permitting participation in activities, CAE programs must not discriminate in enrolling youth based on sexual orientation or gender identity.
- Link program participants to services with local community partners and other agencies that support the health, safety, and well-being of program participants.
- Formerly train facilitators/educators in the program model or elements of the program model, and this training must be delivered by professionals who can provide follow-up technical assistance to facilitators.

The CAE program model must incorporate an evidence-based approach and/or effective strategies that have demonstrated impacts on delaying initiation of sexual activity. These selected interventions must have evidence of effectiveness with target populations. ACYF requires applicants to review effective programs to determine whether these interventions can be adapted subject to copyright restrictions, be implemented with fidelity, and adhere to the core curriculum to meet the requirements of programs designed for this grant.

For more information on programs that were found to be effective at preventing teen pregnancies and reducing sexually transmitted infections, go to:

Target Populations

CAE programs are required to provide services to youth populations that are the most high-risk or vulnerable for pregnancies or otherwise have special circumstances, including youth in or aging out of foster care, runaway and homeless youth, culturally underrepresented youth, and sexual minority youth.

ACYF recognizes youth that are the most high-risk or vulnerable for pregnancies include culturally underrepresented youth populations, especially Hispanic, African American, or Native American teenagers, youth in or aging out of foster care or adjudication systems, and runaway and homeless youth. CAE programs must also consider the needs of lesbian, gay, bisexual, transgender, and questioning youth (LGBTQ). Programs must be inclusive and non-stigmatizing towards such youth and must not express a judgment with regard to sexual orientation or seek to influence the beliefs of participants with respect to sexual orientation or gender identity.

CAE Curriculum Requirements

Curriculum must not contain material that contradicts section 510(b)(2)(A-H) of the Social Security Act, 42 U.S.C. § 710(b)(2). The Social Security A-H elements can be found earlier in this section under *Goal and Scope*. CAE programs may determine the relative emphasis to place on each of the Social Security A-H elements with the funds expended under this program. An abstinence curriculum must adhere to the following requirements:

- The selected curriculum must be age-appropriate with regard to the developmental stage of the intended audience.
- Program educational materials must have as their exclusive purpose teaching the social, psychological, and health gains to be realized by abstaining from sexual activity.
- The selected intervention or curriculum must not promote or encourage sexual activity outside of marriage.

Curriculum and any related materials must be in accordance with 45 CFR 87.1, Equal Treatment for Faith Based Organizations. For more information, please reference the Administrative and National Policy Requirements, which can be found on the ACF website at:

<http://www.acf.hhs.gov/administrative-and-national-policy-requirements>

III.2. Cost Sharing or Matching

Cost Sharing / Matching Requirement: No

III.3. Other

DUNS Number and System for Award Management Eligibility Requirements (SAM.gov)

All applicants must have a DUNS Number (<http://fedgov.dnb.com/webform>) and an active registration with the Central Contractor Registry (CCR) on the System for Award Management (SAM.gov, www.sam.gov).

Obtaining a DUNS Number may take 1 to 2 days.

All applicants are required to maintain an active SAM registration until the application process is complete. If a grant is awarded, registration at SAM.gov must be active throughout the life of the award.

Plan ahead. Allow up to 10 business days after you submit your registration for it to become active in SAM and an additional 24 hours before that registration information is available in other government systems, i.e. Grants.gov.

This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application through Grants.gov or prevent the award of a grant. Applicants should maintain documentation (with dates) of your efforts to register for, or renew a registration, at SAM. User Guides are available under the “Help” tab at <https://www.sam.gov>.

HHS requires all entities that plan to apply for, and ultimately receive, federal grant funds from any HHS Agency, or receive subawards directly from recipients of those grant funds to:

- Be registered in the SAM prior to submitting an application or plan;
- Maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by an OPDIV; and
- Provide its active DUNS number in each application or plan it submits to the OPDIV.

ACF is prohibited from making an award until an applicant has complied with these requirements. At the time an award is ready to be made, if the intended recipient has not complied with these requirements, ACF:

- May determine that the applicant is not qualified to receive an award; and
- May use that determination as a basis for making an award to another applicant.

Application Disqualification Factors

Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Award Ceiling Disqualification

Applications that request an award amount that exceeds the *Award Ceiling* per budget period or per project period as stated in *Section II. Award Information*, will be disqualified from competitive review and from funding under this announcement. This disqualification applies only to the *Award Ceiling* listed for first 12-month budget period for projects with multiple budget periods. If the project and budget period are the same, the disqualification applies to the *Award Ceiling* listed for the project period.

Required Electronic Application Submission

ACF requires electronic submission of applications at www.Grants.gov. **Paper applications received from applicants that have not been approved for an exemption from required electronic submission will be disqualified from competitive review and from funding under this announcement.**

Applicants that do not have an Internet connection or sufficient computing capacity to upload large documents to the Internet may contact ACF for an exemption that will allow the applicant to submit applications in paper format. Information and the requirements for requesting an exemption from required

electronic application submission are found in "Request an Exemption from Electronic Application Submission" in *Section IV.2. Content and Form of Application Submission*.

Application Deadlines

The deadline for electronic application submission is 11:59 p.m., ET, on the due date listed in the Overview and in Section IV.3. Submission Dates and Times. Electronic applications submitted to www.Grants.gov after 11:59 p.m., ET, on the due date, as indicated by a dated and time-stamped email from www.Grants.gov, will be disqualified from competitive review and from funding under this announcement. That is, applications submitted to www.Grants.gov, on or after 12:00 a.m., ET, on the day after the due date will be disqualified from competitive review and from funding under this announcement.

Applications submitted to www.Grants.gov at any time during the open application period, and prior to the due date and time, which fail the www.Grants.gov validation check, will not be received at, or acknowledged by, ACF.

Each time an application is submitted via www.Grants.gov, the submission will generate a new date and time-stamp email notification. Only those applications with on-time date and time stamps that result in a validated application, which is transmitted to ACF, will be acknowledged.

The deadline for receipt of paper applications is 4:30 p.m., ET, on the due date listed in the Overview and in Section IV.3. Submission Dates and Times. Paper applications received after 4:30 p.m., ET, on the due date will be disqualified from competitive review and from funding under this announcement. **Paper applications received from applicants that have not received approval of an exemption from required electronic submission will be disqualified from competitive review and from funding under this announcement.**

Notification of Application Disqualification

Applications that are disqualified under these criteria are considered to be "non-responsive" and are excluded from the competitive review process. Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this funding opportunity announcement.

FORMATTING ACF APPLICATIONS

In FY 2013 ACF implemented a new application upload requirement. Each applicant applying electronically via www.grants.gov is required to upload only two electronic files, excluding Standard Forms and OMB-approved forms. No more than two files will be accepted for the review, and additional files will be removed. Standard Forms and OMB-approved forms will not be considered additional files.

FOR ALL APPLICATIONS:

Authorized Organizational Representative (AOR)

AOR is the designated representative of the applicant/recipient organization with authority to act on the organization's behalf in matters related to the award and administration of grants. In signing a grant application, this individual agrees that the organization will assume the obligations imposed by applicable Federal statutes and regulations and other terms and conditions of the award, including any assurances, if a grant is awarded.

AOR authorization is part of the registration process at www.Grants.gov, where the AOR will create a short profile and obtain a username and password from the Grants.gov Credential Provider. AORs will only be authorized for the DUNS number registered in the System for Awards Management (SAM).

Point of Contact

In addition to the AOR, a point of contact on matters involving the application must also be identified. The point of contact, known as the Project Director or Principal Investigator, should not be identical to the person identified as the AOR. The point of contact must be available to answer any questions pertaining to the application.

Application Checklist

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials.

Details concerning acknowledgment of received applications are available in *Section IV.3. Submission Dates and Times* of this announcement.

Accepted Font Style

Applications must be in Times New Roman (TNR), 12-point font, except for footnotes, which may be TNR 10-point font.

Page Limitations

Applicants must observe the page limitation(s) listed under "PAGE LIMITATIONS AND

CONTENT FOR ALL SUBMISSION FORMATS:". Page limitation(s) do not include SFs and OMB-approved forms.

All applications must be double-spaced. An application that exceeds the cited page limitation for double-spaced pages in the Project Description file or the Appendices file will have the last extra pages removed and the removed pages will not be reviewed.

Application Elements Exempted from Double-Spacing Requirements

The following elements of the application submission are exempt from the double-spacing requirements and may be single-spaced: the table of contents, the one-page Project Summary/Abstract, required Assurances and Certifications, required SFs, required OMB-approved forms, resumes, logic models, proof of legal status/non-profit status, third-party agreements, letters of support, footnotes, tables, the line-item budget and/or the budget justification.

Adherence to FOA Formatting, Font, and Page Limitation Requirements

Applications that fail to adhere to ACF's FOA formatting, font, and page limitation requirements will be adjusted by the removal of page(s) from the application. Pages will be removed before the objective review. The removed page(s) will not be made available to reviewers.

In instances where formatting and font requirements are not adhered to, ACF uses a formula to determine the actual number of pages to be removed. The formula counts the number of characters an applicant uses when following the instructions and using 12-point TNR and compares the resulting number with that of the submitted application. For example, an applicant using TNR, 11-point font, with 1-inch margins all around, and single-spacing, would have an additional 26 lines, or 1500 characters, which is equal to 4/5 of an additional page. Extra pages resulting from this formula will be removed and will not be reviewed.

Applications that have more than one scanned page of a document on a single page will have the page(s) removed from the review.

For applicants that submit paper applications, double-sided pages will be counted as two pages. When the maximum allowed number of pages is reached, excess pages will be removed and will not be made available to reviewers.

NOTE: Applicants failing to adhere to ACF's FOA formatting, font, and page limitation requirements will receive a letter from ACF notifying them that their application was amended. The letter will be sent after awards have been issued and will specify the reason(s) for removal of page(s).

Copies Required

Applicants must submit one complete copy of the application package electronically. Applicants submitting electronic applications need not provide additional copies of their application package.

Applicants submitting applications in paper format must submit one original and two copies of the complete application, including all Standard Forms and OMB-approved forms. The original copy must have original signatures.

Signatures

Applicants submitting electronic applications must follow the registration and application submission instructions provided at www.Grants.gov.

The original of a paper format application must include original signatures of the authorized representatives.

Accepted Application Format

With the exception of the required Standard Forms (SFs) and OMB-approved forms, all application materials must be formatted so that they are 8 ½" x 11" white paper with 1-inch margins all around.

If possible, applicants are encouraged to include page numbers for each page within the application.

ACF generally does not encourage submission of scanned documents as they tend to have reduced clarity and readability. If documents must be scanned, the font size on any scanned documents must be large enough so that it is readable. Documents must be scanned page-for-page, meaning that applicants may not scan more than one page of a document onto a single page.

PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:

With the exception of Standard Forms and OMB-approved forms, the application submission in its entirety (Project Description and Appendices files) is limited to 100 pages.

Project Description - The suggested page length for the project description is **70 pages** and must include the following in this order:

1. Table of Contents
2. Abstract
3. Objectives and Need for Assistance
4. Approach
5. Program Performance Evaluation Plan
6. Organizational Capacity (e.g., resumes, job descriptions, organizational charts)
7. Logic Model (Logic Model can be single spaced).
8. Line Item Budget and Budget Justification

Appendices - The suggested page length for appendices is **30 pages** and must include the following in this order:

1. Third-party Agreements/Memorandum of Understanding (MOUs)
2. Letters of Support
3. Proof of Legal Status (if applicable)
4. Indirect Cost Rate Letter (if applicable)
5. CAE Assurance

ELECTRONIC APPLICATION SUBMISSION INSTRUCTIONS

Applicants are required to submit their applications electronically unless they have requested and received an exemption that will allow submission in paper format. See *Section IV.2. Application Submission Options* for information about requesting an exemption.

Electronic applications will only be accepted via www.Grants.gov. ACF will not accept applications submitted via email or via facsimile.

Each applicant is required to upload ONLY two electronic files, excluding SFs and OMB-approved forms.

File One: Must contain the entire Project Description, and the Budget and Budget Justification (including a line-item budget and a budget narrative).

File Two: Must contain all documents required in the Appendices.

Adherence to the Two-File Requirement

No more than two files will be accepted for the review. Applications with additional files will be amended and files will be removed from the review. SFs and OMB-approved forms will not be considered additional files. **Please do not attach additional documents to the SF-424 at Question 14 and/or after Question 15. Instead of providing a separate response to Question 14, all applicants are required to submit the SF for Project/Performance Site Location(s) (SF-P/PSL). In the SF-P/PSL,**

applicants may cite their primary location and up to 29 additional performance sites. Documents submitted as attachments to the SF-424 will be removed from the application and will not be reviewed.

Application Upload Requirements

ACF strongly recommends that electronic applications be uploaded as Portable Document Files (PDFs). One file must contain the entire Project Description and Budget Justification; the other file must contain all documents required in the Appendices. Details on the content of each of the two files, as well as page limitations, are listed later in this section.

To adhere to the two-file requirement, applicants may need to convert and/or merge documents together using a PDF converter software. Many recent versions of Microsoft Office include the ability to save documents to the PDF format without need of additional software. Applicants using the Adobe Professional software suite will be able to merge these documents together. ACF recommends merging documents electronically rather than scanning multiple documents into one document manually, as scanned documents may have reduced clarity and readability.

However, ACF understands that all applicants may not have access to this software. Grants.gov offers a listing of several free PDF conversion programs. These programs can be found on Grants.gov by clicking on "Support" at the top menu bar and selecting "Technical Support". Under the "Technical Support" section select "Recommended Software." A link to "PDF Conversion Software" is available in the left-hand menu box. Free PDF software, available on this page, will allow users to convert and merge their PDF documents. As an example, ACF is providing written instructions for downloading and using one type of free software listed at Grants.gov at <https://www.acf.hhs.gov/grants/howto#chapter-7> under "How to Apply for a Grant/Submit an Application." [ACF does not endorse any of the software listed on Grants.gov, and applicants are not required to use a specific type of PDF conversion software to submit an application.]

For any systems issues experienced with Grants.gov or with SAM.gov, please refer to ACF's "Policy for Applicants Experiencing Federal Systems Issues" document for complete guidance at https://www.acf.hhs.gov/sites/default/files/assets/systems_issue_policy_final.pdf under "How to Apply for a Grant/Submit an Application."

Required Standard Forms (SFs) and OMB-approved Forms

Standard Forms (SFs) and OMB-approved forms, such as the SF-424 application and budget forms and the SF-P/PSL (Project/Performance Site Location), are uploaded separately at Grants.gov. These forms are submitted separately from the Project Description and Appendices files. See *Section IV.2. Required Forms, Assurances, and Certifications* for the listing of required Standard Forms, OMB-approved forms, and required assurances and certifications.

Naming Application Submission Files

Carefully observe the file naming conventions required by www.Grants.gov. Limit file names to 50 characters (characters and spaces). Special characters that are allowed under Grants.gov's naming conventions, and are accommodated by ACF's systems, are listed in the instructions available in the Download Application Package at Grants.gov. Please also see <http://www.grants.gov/web/grants/support/technical-support/troubleshooting/restricting-special-characters.html>

Use only file formats supported by ACF It is critical that applicants submit applications using only the supported file formats listed here. While ACF supports all of the following file formats, **we strongly recommend that the two application submission files (Project Description and Appendices) are uploaded as PDF documents in order to comply with the two file upload limitation.** Documents in file formats that are not supported by ACF will be removed from the application and will not be used in the competitive review. This may make the application incomplete and ACF will not make any awards based on an incomplete application.

ACF supports the following file formats:

- Adobe PDF – Portable Document Format (.pdf)
- Microsoft Word (.doc or .docx)
- Microsoft Excel (.xls or .xlsx)
- Microsoft PowerPoint (.ppt)
- Corel WordPerfect (.wpd)
- Image Formats (.JPG, .GIF, .TIFF, or .BMP only)

Do Not Encrypt or Password-Protect the Electronic Application Files

If ACF cannot access submitted electronic files because they are encrypted or password protected, the affected file will be removed from the application and will not be reviewed. This removal may make the application incomplete and ACF will not make awards based on an incomplete application.

FORMATTING FOR PAPER APPLICATION SUBMISSIONS:

The following requirements are only applicable to applications submitted in paper format. Applicants must receive an exemption from ACF in order for a paper format application to be accepted for review. See *Section IV.2. Request an Exemption from Required Electronic Application Submission* later in this section under *Application Submission Options* for more information.

Format Requirements for Paper Applications

All copies of mailed or hand-delivered paper applications must be submitted in a single package. If an applicant is submitting multiple applications under a single FOA, or multiple applications under separate FOAs, each application submission must be packaged separately. The package(s) must be clearly labeled for the specific FOA it addresses by FOA title and by Funding Opportunity Number (FON).

Because each application will be duplicated, do not use or include separate covers, binders, clips, tabs, plastic inserts, maps, brochures, or any other items that cannot be processed easily on a photocopy machine with an automatic feed. Do not bind, clip, staple, or fasten in any way separate sections of the application. Applicants are advised that the copies of the application submitted, not the original, will be reproduced by the federal government for review. **All application materials must be one-sided for duplication purposes.**

Addresses for Submission of Paper Applications

See *Section IV.6. Other Submission Requirements* for addresses for paper format application submissions.

The copies may include summary salary information. If applicants are submitting their application electronically, ACF will omit the same specific salary rate information from copies made for use during the review and selection process.

The Project Description

Part I: The Project Description Overview

Purpose

The project description provides the majority of information by which an application is evaluated and ranked in competition with other applications for available assistance. It should address the activity for which federal funds are being requested, and should be consistent with the goals and objectives of the program as described in *Section I. Program Description*. Supporting documents should be included where they can present information clearly and succinctly. When appropriate, applicants should cite the evaluation criteria that are relevant to specific components of their project description. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application in a manner that is clear and complete.

General Expectations and Instructions

Applicants should develop project descriptions that focus on outcomes and convey strategies for achieving intended performance. Project descriptions are evaluated on the basis of substance and measurable outcomes, not length. Extensive exhibits are not required. Cross-referencing should be used rather than repetition. Supporting information concerning activities that will not be directly funded by the grant or information that does not directly pertain to an integral part of the grant-funded activity should be placed

in an appendix.

Part II: General Instructions for Preparing a Full Project Description

Introduction

Applicants must prepare the project description statement in accordance with the following instructions while being aware of the specified evaluation criteria in *Section V.1. Criteria*. The text options give a broad overview of what the project description should include while the evaluation criteria identify the measures that will be used to evaluate applications.

Table of Contents

List the contents of the application including corresponding page numbers. The table of contents must be single spaced and will be counted against the total page limitations.

Project Summary/Abstract

Provide a summary of the application's project description. The summary must be clear, accurate, concise, and without reference to other parts of the application. The abstract must include a brief description of the proposed grant project including the needs to be addressed, the proposed services, and the population group(s) to be served.

Please place the following at the top of the abstract:

- Project Title
- Applicant Name
- Address
- Contact Phone Numbers (Voice, Fax)
- E-Mail Address
- Web Site Address, if applicable

The project abstract must be single-spaced, in Times New Roman 12-point font, and limited to one page in length. Additional pages will be removed and will not be reviewed.

Objectives And Need For Assistance

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance including the nature and scope of the problem must be demonstrated, and the principal and subordinate objectives of the project must be clearly and concisely stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as well as data describing the needs of the target population and the proposed service area as needed. When appropriate, a literature review should be used to support the objectives and needs described in this section.

Outcomes Expected

Identify the outcomes to be derived from the project. Outcomes should relate to the overall goals of the project as described in *Section I. Program Description*. If research is part of the proposed work, outcomes must include hypothesized results and implications of the proposed research.

The outcomes proposed should address the overall expectation to serve high-risk and/or vulnerable youth through an abstinence based teen pregnancy prevention program that addresses reducing the pregnancy and STI rates for such youth populations, thus impacting and reducing the birth rates.

Applicants are expected, where possible, to incorporate approaches that address the social and emotional well-being of children, youth, and families into the proposed project.

Approach

Outline a plan of action that describes the scope and detail of how the proposed project will be accomplished. Applicants must account for all functions or activities identified in the application. Describe any design or technological innovations, reductions in cost or time, or extraordinary social and/or community involvement in the project. Provide a list of organizations, cooperating entities, consultants, or other key individuals that will work on the project, along with a short description of the nature of their effort or contribution.

Cite potential obstacles and challenges to accomplishing project goals and explain strategies that will be used to address these challenges.

Applicants must describe how the project will emphasize abstinence for the prevention of pregnancy and STI. In addition, applicants must describe how the program incorporates a positive youth development approach that includes risk and protective factors in young people's lives that are known to influence sexual activity. Applicants must describe interventions to address the trauma needs of vulnerable youth and will ensure all curriculum, services, and materials are medically accurate, age appropriate, and voluntary.

Applicants must include a description of the rationale for choosing the evidence-based or effective model proposed and provide data demonstrating evidence of effectiveness in reducing teen pregnancy and STI. Applicants must cite evidence published in a peer-reviewed journal and/or a randomized controlled trial or quasi-experimental design to support their chosen interventions or models. They must describe the range of mechanisms that will be used to deliver services and the actual services themselves (i.e., school-based programs and/or youth development programs). The description must identify referral resources and include information about how referrals will be made to other services and programs, when appropriate. Applicants must provide a clear justification of the estimate of overall program participants in each year of the project.

Applicants must provide identification of all methods utilized that will ensure facilitators/educators who will deliver the program(s) have been or will be formally trained in the program model or elements of the program model, and that this training is delivered by professionals who can provide follow-up technical assistance to facilitators.

Applicants must include a break out of the types of participants by age groups or grades, race, ethnicity, and other descriptive factors. In addition, applicants must describe their strategies that will be used to effectively recruit and retain youth participants that are culturally responsive to the target population(s), and accessible to gender minorities and LGBTQ youth.

Applicants must describe the process and tools to be used to monitor program fidelity and, if adaptations are planned, provide a clear rationale for the proposed adaptations.

Project Timeline and Milestones

Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function, or activity, in such terms as the number of people to be served and the number of activities accomplished. Data may be organized and presented as project tasks and subtasks with their corresponding timelines during the project period. For example, each project task could be assigned to a row in the first column of a grid. Then, a unit of time could be assigned to each subsequent column, beginning with the first unit (i.e., week, month, quarter) of the project and ending with the last. Shading, arrows, or other markings could be used across the applicable grid boxes or cells, representing units of time, to indicate the approximate duration and/or frequency of each task and its start and end dates within the project period.

When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.

Program Performance Evaluation Plan

Applicants must describe the plan for the program performance evaluation that will contribute to continuous quality improvement. The program performance evaluation should monitor ongoing processes and the progress towards the goals and objectives of the project. Include descriptions of the inputs (e.g., organizational profile, collaborative partners, key staff, budget, and other resources), key processes, and expected outcomes of the funded activities. The plan may be supported by a logic model and must explain how the inputs, processes and outcomes will be measured, and how the resulting information will be used to inform improvement of funded activities.

Applicants must describe the systems and processes that will support the organization's performance management requirements through effective tracking of performance outcomes, including a description of how the organization will collect and manage data (e.g. assigned skilled staff, data management software) in a way that allows for accurate and timely reporting of performance outcomes. Applicants must describe any potential obstacles for implementing the program performance evaluation and how those obstacles will be addressed.

Geographic Location

Describe the precise location of the project and boundaries of the area to be served by the proposed project.

Legal Status of Applicant Entity

Applicants must provide the following documentation:

Non-profit organizations applying for funding are required to submit proof of their non-profit status. Proof of non-profit status is any one of the following:

- A reference to the applicant organization's listing in the IRS's most recent list of tax-exempt organizations described in the IRS Code.
- A copy of a currently valid IRS tax-exemption certificate.
- A statement from a state taxing body, state attorney general, or other appropriate state official certifying that the applicant organization has non-profit status and that none of the net earnings accrue to any private shareholders or individuals.
- A certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status.
- Any of the items in the subparagraphs immediately above for a state or national parent organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate.

Unless directed otherwise, applicants must include proof of non-profit status in the *Appendices* file of the electronic application submission.

Logic Model

Applicants must submit a logic model for designing and managing their project. A logic model is a one-page diagram that presents the conceptual framework for a proposed project and explains the links among program elements. While there are many versions of logic models, for the purposes of this announcement the logic model should summarize the connections between the:

- Goals of the project (e.g., objectives, reasons for proposing the interventions, if applicable);
- Assumptions (e.g., beliefs about how the program will work and its supporting resources. Assumptions should be based on research, best practices, and experience);
- Inputs (e.g., organizational profile, collaborative partners, key staff, budget);
- Target population (e.g., the individuals to be served);
- Activities (e.g., approach, listing key intervention, if applicable);
- Outputs (i.e., the direct products or deliverables of program activities); and
- Outcomes (i.e., the results of a program, typically describing a change in people or systems).

Project Sustainability Plan

Applicants must propose a plan for project sustainability after the period of federal funding ends. Grantees are expected to sustain key elements of their grant projects, e.g., strategies or services and interventions, which have been effective in improving practices and those that have led to improved outcomes for children and families.

Describe the approach to project sustainment that will be most effective and feasible. Describe the key individuals and/or organizations whose support will be required in order to sustain program activities.

Describe the types of alternative support that will be required to sustain the planned program. If the proposed project involves key project partners, describe how their cooperation and/or collaboration will be maintained after the end of federal funding.

Organizational Capacity

Provide the following information on the applicant organization and, if applicable, on any cooperating partners:

- Organizational charts;
- Resumes (no more than two single-spaced pages in length);
- Curricula Vitae (CV);
- List of Board of Directors;
- Copy or description of the applicant organization's fiscal control and accountability procedures;
- Evidence that the applicant organization, and any partnering organizations, have relevant experience and expertise with administration, development, implementation, management, and evaluation of programs similar to that offered under this announcement;
- Evidence that each participating organization, including partners and/or subcontractors, possess the organizational capability to fulfill their role(s) and function(s) effectively;

Protection of Sensitive and/or Confidential Information

If any confidential or sensitive information will be collected during the course of the project, whether from staff (e.g., background investigations) or project participants and/or project beneficiaries, provide a description of the methods that will be used to ensure that confidential and/or sensitive information is properly handled and safeguarded. Also provide a plan for the disposition of such information at the end of the project period.

Third-Party Agreements

Third-party agreements include Memoranda of Understanding (MOU) and Letters of Commitment. General letters of support are **not** considered to be third-party agreements. Third-party agreements must clearly describe the project activities and support to which the third party is committing. Third-party agreements must be signed by the person in the third-party organization with the authority to make such commitments on behalf of their organization.

Provide written and signed agreements between grantees and subgrantees, or subcontractors, or other cooperating entities. These agreements must detail the scope of work to be performed, work schedules, remuneration, and other terms and conditions that structure or define the relationship.

Collaboration/consortia applicants must provide letters of commitment or MOU identifying the primary applicant that is responsible for administering the grant. The primary applicant must provide documentation of the commitments made by partnering organizations and describe in detail their roles and responsibilities as partners in the collaboration/consortia.

Letters Of Support

Provide statements from community, public, and commercial leaders that support the project proposed for funding. All submissions must be included in the application package.

Plan for Oversight of Federal Award Funds

Provide a plan describing how oversight of federal funds will be ensured and how grant activities and partner(s) will adhere to applicable federal and programmatic regulations. Applicants must identify staff that will be responsible for maintaining oversight of program activities, staff, and partner(s). Applicants must describe procedures and policies used to oversee staff and/or partners/contractors.

Describe organizational records systems that relate financial data to performance data by identifying the source and application of federal funds so that they demonstrate effective control over and accountability for funds, compare outlays with budget amounts, and provide accounting records supported by source documentation.

The Project Budget and Budget Justification

All applicants are required to submit a project budget and budget justification with their application. The project budget is entered on the Budget Information Standard Form, either SF-424A or SF-424C, according to the directions provided with the SFs. The budget justification consists of a budget narrative and a line-item budget detail that includes detailed calculations for "object class categories" identified on the Budget Information Standard Form. Applicants must indicate the method they are selecting for their indirect cost rate. See Indirect Charges for further information.

Project budget calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. If matching or cost sharing is a requirement, applicants must include a detailed listing of any funding sources identified in Block 18 of the SF-424 (Application for Federal Assistance). See the table in *Section IV.2. Required Forms, Assurances, and Certifications* listing the appropriate budget forms to use in this application.

Special Note: *The Consolidated and Further Continuing Appropriations Act, 2015 (Pub.L. 113-235), enacted December 16, 2014, limits the salary amount that may be awarded and charged to ACF grants and cooperative agreements. Award funds issued under this announcement may not be used to pay the salary, or any percentage of salary, to an individual at a rate in excess of Executive Level II. The Executive Level II salary of the Federal Executive Pay scale is \$183,300. Please see <http://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/2015/executive-senior-level>. This*

*amount reflects an individual's base salary **exclusive** of fringe benefits and any income that an individual may be permitted to earn outside of the duties to the applicant organization. This salary limitation also applies to subawards/subcontracts under a ACF grant or cooperative agreement.*

Provide a budget using the 424A and/or the 424C, as applicable, for the proposed project that is being fully funded (the budget period and the project period are the same). Provide a budget justification, which includes a budget narrative and a line-item detail, for the proposed project. The budget narrative should describe how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

Awards made under this announcement will have one 24-month project and budget period. Grantees must provide services through the entire 24-month project period, such that roughly half of the funds are spent in the first year and half of the funds are spent in the second year.

Budgets and budget justifications must include the costs of sending one key staff person to attend the 2-3 day annual adolescent pregnancy prevention grantee meeting in Washington, DC, and at least one topical training session in each year of the 24 month project period.

General

Use the following guidelines for preparing the budget and budget justification. When a match or cost share is required, both federal and non-federal resources must be detailed and justified in the budget and budget narrative justification. "Federal resources" refers only to the ACF grant funds for which the applicant is applying. "Non-federal resources" are all other non-ACF federal and non-federal resources. It is suggested that budget amounts and computations be presented in a columnar format: first column, object class categories; second column, federal budget; next column(s), non-federal budget(s); and last column, total budget. The budget justification should be in a narrative form.

Personnel

Description: Costs of employee salaries and wages.

Justification: Identify the project director or principal investigator, if known at the time of application. For each staff person provide: the title; time commitment to the project in months; time commitment to the project as a percentage or full-time equivalent: annual salary; grant salary; wage rates; etc. Do not include the costs of consultants, personnel costs of delegate agencies, or of specific project(s) and/or businesses to be financed by the applicant. Contractors and consultants should not be placed under this category.

Fringe Benefits

Description: Costs of employee fringe benefits unless treated as part of an approved indirect cost rate.

Justification: Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act (FICA) taxes, retirement insurance, and taxes.

Travel

Description: Costs of out-of-state or overnight project-related travel by employees of the applicant organization. Do not include in-state travel or consultant travel.

Justification: For each trip show the total number of traveler(s); travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used to travel out of town; and other transportation costs and subsistence allowances. If appropriate for this project, travel costs for key project

staff to attend ACF-sponsored workshops/conferences/grantee orientations should be detailed in the budget.

Equipment

Description: "Equipment" means an article of nonexpendable, tangible personal property having a useful life of more than one year per unit and an acquisition cost that equals or exceeds the lesser of: (a) the capitalization level established by the organization for the financial statement purposes, or (b) \$5,000. (Note: Acquisition cost means the net invoice unit price of an item of equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Ancillary charges, such as taxes, duty, protective in-transit insurance, freight, and installation, shall be included in or excluded from acquisition cost in accordance with the applicant organization's regular written accounting practices.)

Justification: For each type of equipment requested applicants must provide a description of the equipment; the cost per unit; the number of units; the total cost; and a plan for use of the equipment in the project; as well as a plan for the use, and/or disposal of, the equipment after the project ends. An applicant organization that uses its own definition for equipment should provide a copy of its policy, or section of its policy, that includes the equipment definition.

Supplies

Description: Costs of all tangible personal property other than that included under the Equipment category. This includes office and other consumable supplies with a per-unit cost of less than \$5,000.

Justification: Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

Contractual

Description: Costs of all contracts for services and goods except for those that belong under other categories such as equipment, supplies, construction, etc. Include third-party evaluation contracts, if applicable, and contracts with secondary recipient organizations (with budget detail), including delegate agencies and specific project(s) and/or businesses to be financed by the applicant. This area is not for individual consultants.

Justification: Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open, and free competition. Recipients and subrecipients, other than states that are required to use 45 CFR Part 75 procedures, must justify any anticipated procurement action that is expected to be awarded without competition and exceeds the simplified acquisition threshold fixed by 41 U.S.C. § 134, as amended by 2 CFR Part 200.88, and currently set at \$150,000. Recipients may be required to make pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., available to ACF.

Note: Whenever the applicant intends to delegate part of the project to another agency, the applicant must provide a detailed budget and budget narrative for each contractor/sub-contractor, by agency title, along with the same supporting information referred to in these instructions. If the applicant plans to select the contractors/sub-contractors post-award and a detailed budget is not available at the time of application, the applicant must provide information on the nature of the work to be delegated, the estimated costs, and the process for selecting the delegate agency.

Other

Description: Enter the total of all other costs. Such costs, where applicable and appropriate, may include but are not limited to: consultant costs, local travel; insurance; food (when allowable); medical and dental costs (noncontractual); professional services costs (including audit charges); space and equipment rentals; printing and publication; computer use; training costs, such as tuition and stipends; staff development costs; and administrative costs.

Justification: Provide computations, a narrative description, and a justification for each cost under this category.

Indirect Charges

Description: Total amount of indirect costs. This category has one of two methods that an applicant can select. An applicant may only select one.

- 1) The applicant currently has an indirect cost rate approved by the Department of Health and Human Services (HHS) or another cognizant federal agency

Note: An applicant must enclose a copy of the current approved rate agreement. If the applicant is requesting a rate that is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed.

- 2) Per 45 CFR § 75.414(f) Indirect (F&A) costs, “any non-Federal entity [i.e., applicant] that has never received a negotiated indirect costs rate, . . . may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As described in § 75.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.”

Justification: This method only applies to applicants that have never received an approved negotiated indirect cost rate from HHS or another cognizant federal agency. Applicants awaiting approval of their indirect cost proposal may request the 10% de minimis. When the applicant chooses this method, costs included in the indirect cost pool must not be charged as direct costs to the grant.

Paperwork Reduction Disclaimer

As required by the Paperwork Reduction Act of 1995, 44 U.S.C. §§ 3501-3521, the public reporting burden for the Project Description and Budget/Budget Justification is estimated to average 60 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection information. The Project Description information collection is approved under OMB control number 0970-0139, which expires 10/31/2015. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Application Submission Options

Electronic Submission via www.Grants.gov

- Additional guidance on the submission of electronic applications can be found at <http://www.grants.gov/web/grants/applicants/apply-for-grants.html>.
- If applicants encounter any technical difficulties in using www.Grants.gov, contact the Grants.gov Contact Center at: 1-800-518-4726, or by email at support@grants.gov, to report the problem and obtain assistance. Hours of Operation: 24 hours a day, 7 days a week. The Grants.gov Contact

Center is closed on federal holidays.

- Applicants should always retain Grants.gov Contact Center service ticket number(s) as they may be needed for future reference.
- **Contact with the Grants.gov Contact Center prior to the listed application due date and time does not ensure acceptance of an application. If difficulties are encountered, the Grants Management Officer listed in Section VII. Agency Contacts will determine whether the submission issues are due to Grants.gov system errors or user error.**

Application Validation at www.Grants.gov

After an application has been successfully submitted to www.Grants.gov, it still must pass a series of validation checks. After an application is submitted, Grants.gov generates a submission receipt via email and also sets the application status to "Received." This receipt verifies that the application has been successfully delivered to the Grants.gov system.

Next, Grants.gov verifies the submission is valid by ensuring it does not contain viruses, the opportunity is still open, and the applicant login and applicant DUNS number match. If the submission is valid, Grants.gov generates a submission validation receipt via email and sets the application status to "Validated."

If the application is not validated, the application status is set to "Rejected." The system sends a rejection email notification to the applicant and the applicant must re-submit the application package. See "What to Expect After Submitting" at www.Grants.gov for more information.

Each time an application is submitted, or resubmitted, via www.Grants.gov, the application will receive a new date and time stamp. Only those applications with on-time date and time stamps that result in a validated application, which are transmitted to ACF, will be acknowledged.

Applicants will be provided with an acknowledgement from Grants.gov that the submitted application package has passed, or failed, a series of checks and validations. Applications that are submitted on time that fail the validation check will not be transmitted to ACF and will not be acknowledged.

NOTE: The Grants.gov validation check can affect whether the application is accepted for review. If an application fails the Grants.gov validation check and is not resubmitted by 11:59 p.m., ET, on the due date, it will not be transmitted to ACF and will be excluded from the review.

Similarly, if an applicant resubmits their application to Grants.gov by 11:59 p.m., ET, on the due date, and the resubmitted application does not pass the validation check, it will not be transmitted to ACF and will be excluded from the review.

Systems Issues

For any systems issues experienced with Grants.gov or SAM.gov, please refer to ACF's "Policy for Applicants Experiencing Federal Systems Issues" document for complete guidance at https://www.acf.hhs.gov/sites/default/files/assets/systems_issue_policy_final.pdf.

Request an Exemption from Required Electronic Application Submission

ACF recognizes that some applicants may have limited or no Internet access, and/or limited computer capacity, which may prohibit them from uploading large files at www.Grants.gov. To accommodate such applicants, ACF offers an exemption from required electronic submission. The exemption will allow applicants to submit hard copy, paper applications by hand-delivery, applicant courier, overnight/express mail couriers, or by other representatives of the applicant.

To receive an exemption from required electronic application submission, applicants must submit a written request to ACF that must state that the applicant qualifies for the exemption for one of the two following

reasons:

- Lack of Internet access or Internet connection, or
- Limited computer capacity that prevents the uploading of large documents (files) at www.Grants.gov.

Applicants may request and receive the exemption from required electronic application submission by either:

- Submitting an email request to electronicappexemption@acf.hhs.gov, or
- Sending a written request to the Office of Grants Management Contact listed in *Section VII. Agency Contacts* in this announcement.

Requests for exemption from required electronic application submission will be acknowledged with an approval or disapproval.

Requests that do not state one of the two listed reasons will not be approved.

An exemption is applicable to all applications submitted by the applicant organization during the Federal Fiscal Year (FFY) in which it is received. Applicants need only request an exemption once in a FFY. Applicants must request a new exemption from required electronic submission for any succeeding FFY.

Please Note: electronicappexemption@acf.hhs.gov **may only be used to request an exemption from required electronic submission.** All other inquiries must be directed to the appropriate Agency Contact listed in *Section VII.* of this announcement. Queries or requests submitted to this email address for any reason other than a request for an exemption from electronic application submission will not be acknowledged or answered.

All exemption requests must include the following information:

- Funding Opportunity Announcement Title,
- Funding Opportunity Number (FON),
- The listed Catalog of Federal Domestic Assistance (CFDA) number,
- Name of Applicant Organization and DUNS Number,
- AOR name and contact information,
- Name and contact information of person to be contacted on matters involving the application (i.e., the Point of Contact), and
- The reason for which the applicant is requesting an exemption from electronic application submission. The request for exemption must state one of the following two reasons: 1) lack of Internet access or Internet connection; or 2) lack of computer capacity that prevents uploading large documents (files) to the Internet.

Exemption requests must be received by ACF no later than two weeks before the application due date, that is, 14 calendar days prior to the application due date listed in the *Overview* and in *Section IV.3. Submission Dates and Times*. If the fourteenth calendar day falls on a weekend or federal holiday, the due date for receipt of an exemption request will move to the next federal business day that follows the weekend or federal holiday.

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials. Details concerning acknowledgment of received applications are available in *Section IV.3. Submission Dates and Times* of this announcement.

Paper Format Application Submission

An exemption is now required for the submission of paper applications. See the preceding section on "*Request an Exemption from Required Electronic Application Submission.*"

Applicants with exemptions that submit their applications in paper format, by mail or delivery, must submit one original and two copies of the complete application with all attachments. The original and each of the two copies must include all required forms, certifications, assurances, and appendices, be signed by the AOR, and be unbound. The original copy of the application must have original signature(s). See

Section IV.6. of this announcement for address information for paper format application submissions. Applications submitted in paper format must be received by 4:30 p.m., ET, on the due date.

Extensions and/or Waiving Due Date and Receipt Time Requirements

ACF may extend an application due date and receipt time when circumstances make it impossible for applicants to submit their applications on time. These events include natural disasters (floods, hurricanes, tornados, etc.), or when there are widespread disruptions of electrical service, or mail service, or in other rare cases. The determination to extend or waive due date and/or receipt time requirements rests with the Grants Management Officer listed as the Office of Grants Management Contact in *Section VII. Agency Contacts*.

V. Application Review Information

V.1. Criteria

Please note: Reviewers will not access, or review, any materials that are not part of the application documents. This includes information accessible on websites via hyperlinks that are referenced, or embedded, in the application. Though an application may include web links, or embedded hyperlinks, reviewers will not review this information as it is not considered to be part of the application documents. Nor will the information on websites be taken into consideration in scoring of evaluation criteria presented in this section. Reviewers will evaluate and score an application based on the documents that are presented in the application and **will not** refer to, or access, external links during the objective review.

Applications competing for financial assistance will be reviewed and evaluated using the criteria described in this section. The corresponding point values indicate the relative importance placed on each review criterion. Points will be allocated based on the extent to which the application proposal addresses each of the criteria listed. Applicants should address these criteria in their application materials, particularly in the project description and budget justification, as they are the basis upon which competing applications will be judged during the objective review. The required elements of the project description and budget justification may be found in *Section IV.2* of this announcement.

9. The applicant provides detailed information on how the program activities, services, and materials are medically accurate and age appropriate and the services to the youth are voluntary. The curriculum accords with the requirements as specified in *Section I, CAE Program Overview, CAE Curriculum Requirements.* (0-3 points)

V.2. Review and Selection Process

No grant award will be made under this announcement on the basis of an incomplete application. No grant award will be made to an applicant or sub-recipient that does not have a DUNS number (www.dbn.com) and an active registration at SAM (www.sam.gov). See *Section III.3. Other*.

Initial ACF Screening

Each application will be screened to determine whether it meets any of the disqualification factors described in *Section III.3. Other, Application Disqualification Factors*.

Disqualified applications are considered to be “non-responsive” and are excluded from the competitive review process. Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this funding opportunity announcement.

Objective Review and Results

Applications competing for financial assistance will be reviewed and evaluated by objective review panels using only the criteria described in *Section V.1. Criteria* of this announcement. Each panel is composed of experts with knowledge and experience in the area under review. Generally, review panels include three reviewers and one chairperson.

Results of the competitive objective review are taken into consideration by ACF in the selection of projects for funding; however, objective review scores and rankings are not binding. Scores and rankings are only one element used in the award decision-making process.

ACF may elect not to fund applicants with management or financial problems that would indicate an inability to successfully complete the proposed project. Applications may be funded in whole or in part. Successful applicants may be funded at an amount lower than that requested. ACF reserves the right to consider preferences to fund organizations serving emerging, unserved, or under-served populations, including those populations located in pockets of poverty. ACF will also consider the geographic distribution of federal funds in its award decisions.

Please refer to *Section IV.2.* of this announcement for information on non-federal reviewers in the review process.

Approved but Unfunded Applications

Applications recommended for approval that were not funded under the competition because of the lack of available funds may be held over by ACF and reconsidered in a subsequent review cycle if a future competition under the program area is planned. These applications will be held over for a period of up to one year and will be re-competed for funding with all other competing applications in the next available review cycle. For those applications that have been deemed as approved but unfunded, notice will be given of such determination by postal mail.

V.3. Anticipated Announcement and Award Dates

FYSB expects that awards will be made by September 30, 2015. Unsuccessful applicants will be notified in writing subsequent to final determination of awards.

VI. Award Administration Information

VI.1. Award Notices

Successful applicants will be notified through the issuance of a Notice of Award (NoA) that sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-federal share to be provided (if applicable), and the total project period for which support is contemplated. The NoA will be signed by the Grants Officer and transmitted via postal mail, email, or by GrantSolutions.gov or the Head Start Enterprise System (HSES), whichever is relevant. Following the finalization of funding decisions, organizations whose applications will not be funded will be notified by letter signed by the cognizant Program Office head. Any other correspondence that announces to a Principal Investigator, or a Project Director, that an application was selected is not an authorization to begin performance.

Project costs that are incurred prior to the receipt of the NoA are at the recipient's risk and may be reimbursed only to the extent that they are considered allowable as approved pre-award costs. Information on allowable pre-award costs and the time period under which they may be incurred is available in *Section IV.5. Funding Restrictions*.

VI.2. Administrative and National Policy Requirements

Awards issued under this announcement are subject to 45 CFR Part 75 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards. The Code of Federal Regulations (CFR) is available at <http://www.gpo.gov>.

An application funded with the release of federal funds through a grant award does not constitute, or imply, compliance with federal regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable federal regulations.

Prohibition Against Profit

Grantees are subject to the limitations set forth in 45 CFR § 75.215, Special provisions for awards to commercial organizations as recipients (45 CFR § 75.215(b) Prohibition against profit.), which states that, "...no HHS funds may be paid as profit to any recipient even if the recipient is a commercial organization. Profit is any amount in excess of allowable direct and indirect costs."

Equal Treatment for Faith-Based Organizations

Grantees are also subject to the requirements of 45 CFR § 87.1(c), Equal Treatment for Faith-Based Organizations, which says, "Organizations that receive direct financial assistance from the [Health and Human Services] Department under any Department program may not engage in inherently religious activities such as worship, religious instruction, or proselytization, as part of the programs or services funded with direct financial assistance from the Department." Therefore, organizations must take steps to completely separate the presentation of any program with religious content from the presentation of the Federally funded program by time or location *in such a way that it is clear that the two programs are separate and distinct*. If separating the two programs by time but presenting them in the same location, one program must *completely end before the other program begins*.

A faith-based organization receiving HHS funds retains its independence from federal, state, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs. For example, a faith-based organization may use space in its facilities to provide secular programs or services funded with federal funds without removing religious art, icons, scriptures, or other religious symbols. In addition, a faith-based organization that receives federal funds retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents in accordance with all program requirements, statutes, and other applicable requirements governing the conduct of HHS-funded activities.

Regulations pertaining to the Equal Treatment for Faith-Based Organizations, which includes the prohibition against federal funding of inherently religious activities, "Understanding the Regulations Related to the Faith-Based and Neighborhood Partnerships Initiative" are available at <http://www.hhs.gov/partnerships/about/regulations/>. Additional information, resources, and tools for faith-based organizations is available through The Center for Faith-based and Neighborhood Partnerships website at <http://www.hhs.gov/partnerships/index.html> and at the <https://www.acf.hhs.gov/programs/ocs/resource/capacity-building-toolkits-for-faith-based-and-community-organizations>.

Award Term and Condition under the Trafficking Victims Protection Act of 2000

Awards issued under this announcement are subject to the requirements of Section 106 (g) of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. § 7104). For the full text of the award term, go to <http://www.acf.hhs.gov/grants/award-term-and-condition-for-trafficking-in-persons>. If you are unable to access this link, please contact the Grants Management Contact identified in *Section VII. Agency Contacts* of this announcement to obtain a copy of the term.

Requirements for Drug-Free Workplace

The Drug-Free Workplace Act of 1988 (41 U.S.C. §§ 8101-8106) requires that all organizations receiving grants from any federal agency agree to maintain a drug-free workplace. By signing the application, the Authorizing Official agrees that the grantee will provide a drug-free workplace and will comply with the requirement to notify ACF if an employee is convicted of violating a criminal drug statute. Failure to comply with these requirements may be cause for debarment. Government-wide requirements for Drug-Free Workplace for Financial Assistance are found in 2 CFR Part 182; HHS implementing regulations are set forth in 2 CFR § 382.400. All recipients of ACF grant funds must comply with the requirements in Subpart B - Requirements for Recipients Other Than Individuals, 2 CFR § 382.225. The rule is available at <http://www.gpo.gov/fdsys/pkg/CFR-2001-title45-vol1/content-detail.html>.

Debarment and Suspension

HHS regulations published in 2 CFR Part 376 implement the governmentwide debarment and suspension system guidance (2 CFR Part 180) for HHS' non-procurement programs and activities. "Non-procurement transactions" include, among other things, grants, cooperative agreements, scholarships, fellowships, and loans. ACF implements the HHS Debarment and Suspension regulations as a term and condition of award. Grantees may decide the method and frequency by which this determination is made and may check the Excluded Parties List System (EPLS) located at <https://www.sam.gov>, although checking the EPLS is not required. More information is available at <https://www.acf.hhs.gov/grants-forms>.

Pro-Children Act

The Pro-Children Act of 2001, 20 U.S.C. §§ 7181 through 7184, imposes restrictions on smoking in facilities where federally funded children's services are provided. HHS grants are subject to these requirements only if they meet the Act's specified coverage. The Act specifies that smoking is prohibited in any indoor facility (owned, leased, or contracted for) used for the routine or regular provision of kindergarten, elementary, or secondary education or library services to children under the age of 18. In addition, smoking is prohibited in any indoor facility or portion of a facility (owned, leased, or contracted for) used for the routine or regular provision of federally funded health care, day care, or early childhood development, including Head Start services to children under the age of 18. The statutory prohibition also applies if such facilities are constructed, operated, or maintained with federal funds. The statute does not

apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, portions of facilities used for inpatient drug or alcohol treatment, or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 per violation and/or the imposition of an administrative compliance order on the responsible entity.

HHS Grants Policy Statement

The HHS Grants Policy Statement (HHS GPS) is the Department of Health and Human Services' single policy guide for discretionary grants and cooperative agreements. ACF grant awards are subject to the requirements of the HHS GPS, which covers basic grants processes, standard terms and conditions, and points of contact, as well as important agency-specific requirements. Appendices to the HHS GPS include a glossary of terms and a list of standard abbreviations for ease of reference. The general terms and conditions in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary that are specified in the Notice of Award (NOA). The HHS GPS is available at <https://www.acf.hhs.gov/v/grants/discretionary-competitive-grants>.

Freedom of Information Act (FOIA)

Applications funded by federal grant programs are subject to disclosure under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. Such applications are frequently requested under the FOIA, consistent with the FOIA's requirement to proactively disclose frequently requested materials at 5 U.S.C. § 552(a)(2)(D). Each released application will receive appropriate redaction of specific information to protect personal privacy and competitively sensitive commercial information. Information on filing a FOIA request is available at <http://www.acf.hhs.gov/submit-a-foia-request>.

Award Term and Condition under Title VI of the Civil Rights Act of 1964

Recipients of federal financial assistance must not discriminate on the basis of race, color, national origin, disability, age, and in some cases sex and religion. The HHS Office for Civil Rights provides guidance to grantees in complying with civil rights laws that prohibit discrimination.

www.hhs.gov/ocr/civilrights/understanding/index.html.

HHS provides guidance to recipients of federal financial assistance on meeting the legal obligation to take reasonable steps to provide meaningful access to persons with limited English proficiency.

www.hhs.gov/ocr/civilrights/resources/laws/revisedlep.html. Recipients must ensure their contractors and sub-recipients also comply with federal civil rights laws.

Award Term and Condition for Unpaid Federal Tax Liability

Grantees are subject to the requirement contained in Section 744 of the "Consolidated and Further Continuing Appropriations Act, 2015," (Pub.L. 113-235, Title VII, General Provisions – Government-Wide), which says "None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government."

VI.3. Reporting

Grantees under this funding opportunity announcement will be required to submit performance progress and financial reports periodically throughout the project period. The frequency of required reporting is listed later in this section.

Performance Progress Reports (PPR)

Notice of Award (NoA) documents will inform grantees of the appropriate performance progress report form or format to use. Grantees should consult their Notice of Award documents to determine the appropriate performance progress report format required under their award. Performance progress reports are due 30 days after the end of the reporting period. Final program performance reports are due 90 days after the close of the project period.

For awards that implement the use of the ACF-OGM-SF-PPR, the form is available under "Reporting, Disclosures, and other Standard Forms" at <http://www.acf.hhs.gov/grants/forms#chapter-4>.

Federal Financial Reports (FFR)

ACF grantees are required to use the SF-425 Federal Financial Report (FFR) for expenditure reporting. SF-425 reports will be due as frequently as is required in the terms and conditions of their award using due dates from reports to PMS. The SF-269 is no longer accepted for expenditure reports. If an SF-269 is submitted, the ACF will return it and require the recipient to complete the SF-425.

All expenditure reports will be due on one of the standard due dates by which cash reporting is required to be submitted to PMS or at the end of a calendar quarter as determined by ACF. As a result, a recipient that receives awards from more than one federal program may be subject to more than one approach, but will not be required to change its current means of submission or be subjected to more than eight standard due dates. **A final cumulative SF-425 is due 90 days after the close of the project period.**

July 01 - September 30

October 01 - December 31

The FFR (SF425) is due to ACF on:
